2 **Experience:** Provoke your meta-learning by immersing yourself in the real world, experience first-hand the complications and contradictions of the policy implementation processes. Ask questions and interact with the site and its environment. Discuss, chat and reflect with your peers.

3 **Assimilate:** Re-call, re-live and re-examine the complex learnings with your mentor and assess how and why one governance model may work over another.

4 **Evaluate:** Present and demonstrate composite learnings from the yatra to your mentors with well-articulated reflection papers and case-study reports.
